Checks are a form of money. They show the bank how much money to take from your account and give to the place or the person whom you listed on the check. Look at the information below, and using a calendar, write a check to each company or person whom you owe money to. Remember to write the correct date, payee, and amount on each check. Don't forget to sign it!

2. You need a new set of speakers for your laptop. You go to Best Buy and buy the cheapest ones they have. Write a check for \$21.75. Date the check for today.
